Dear Sir,

Greetings from UTL-Abalashrama!

**Sub: Skill Conclave and soft launch of Model Skill Training Centre (Pradhan Mantri Kaushal Kendra)**

UTL Technologies Ltd., one of India's widely recognized high-end training organizations in providing industry relevant training solutions, in association with Abalashrama, a 115yr old premier rehabilitation and vocational skills training centre for underprivileged women, has established the **Pradhan Mantri Kaushal Kendra**, the Government of India's flagship Skill Initiative at Abalashrama premises in Basavanagudi, Bengaluru - South Bengaluru Parliamentary Constituency.

UTL-Abalashrama is a state-of-art Model Skill Training Centre, which is recognised by National Skill Development Corporation of India. We plan to up-skill and provide employment to 1500-2000 unemployed youth every year. Currently, we conduct training in job roles such as Handset Repair Engineer, Jr. Software Developer, Solar Panel Technician, IT Helpdesk Assistant, and Inventory Clerk.

As part of the soft launch of our Centre, we have organised a **Skill Conclave**, where eminent personalities from various skill related fields, and Government, will speak on the importance and benefits of skilling young India, and its positive impact on our country's development.

As you are an important contributor to education and skilling of our youth, we warmly invite you and your staff to this Skill Conclave. The event is followed by lunch. Kindly grace the occasion.

Thanking You,

Yours Sincerely,

For 

Sesha B V

Hon. Secretary
